Bob, attached are some slides that we will work from for the 1:00 PFAS call, overview of the GIS tool. I'll kick it off, Tim will present the slides, and in the middle of the slides is a live demo that Mike will lead.

Also, I went ahead and set up an adobe connect session as a backup, if you want we can try to use this for the demo – add the link below to the invite so people can dial in, I can have this set up so people can follow along.

Sorry, we can't do 12. I can do 10-11 or 1-4.

Mike, Tim, any of those times work for you?

Bob, if not, we will try to schedule a special call next week for those interested.

Bob – we can do this. Can you set up some means by which we can do a demo for the whole group, including people in remote locations?  
Will also have a ppt to present  
Thanks, Andy
